

## North Sound Behavioral Health – Administrative Services Organization (North Sound BH-ASO) Technical Call

Scheduled 2020-10-09

### Agenda

1. Supplemental Data
  - a. NS submitted some post 10-1 data to the HCA with minimal issues. Errors will be review with the providers.
  - b. Double check the Race code table as most errors were in this field. Verify that your system is not clipping the leading zeros on codes as they must be in multiples of 3 eg. 010050
2. Response files
  - a. Format will be the same as they were for pre-October. GUID or Source Tracking ID will be present in the reply when sent.
3. Table Updates
  - a. NonMCAuth ASAM scores are 7 characters. This was reviewed previously, but the data dictionary update had issues and was showing the '3 character' version. This has been corrected.
