

## North Sound Behavioral Health – Administrative Services Organization (North Sound BH-ASO) Technical Call

Scheduled 2020-10-23

### Agenda

1. Supplemental Data
  - a. Auth Review Reply is now automated. This would be the reply to the request after a clinician has reviewed the record and Approved, Denied or Pended. If you do not receive your response by the next business day, please contact us. Agencies are also receiving the initial reply to the 980.00 NonMCAuth transaction to indicate the transaction was received and processed.
  - b. Profile discussion of when the Profile record is due. The discussion was in review of the data for 2020 and creating the records even when no changes have been noted. The Profile record is due at Admit, D/C and at change with a new record being sent at least every 90 days. If no changes or updates have been captured, then you would still need to send a 'new' record with the Effective Date being the expected date of 90 days after the last Effective Date.
2. Table Updates
