

North Sound Behavioral Health – Administrative Services Organization (North Sound BH-ASO) Technical Call

Scheduled 2021-06-11

Minutes

1. Supplemental Data

- a. Names should be legal name. Match P1 when available. Punctuation matters
- b. Primary Key use in transactions. When the primary key contains the effective date, as in the Demographic, you will need to send the same Effective_Date to make a correction. A provider may send a correct record several times, but the matching record, with the same effective date, may need correcting. The other transaction that has a date, that is frequently used, is the DCR Investigation. This means that if you need to correct a record's components of the Investigation Start Date or Time you would need to delete the incorrect record and send the corrected record as an Add.
The primary key will be visibly noted in the next Data Dictionary. It has been submitted to the web developer for upload.
- c. DCR Investigation Outcomes 1, 3, 4, 7 require that the NPI of the Detention facility be present. Outcome 4 also requires Return to Inpatient to not be '9'. See below for the code definitions.

2. Table Updates

- a. No updates

3. SERI Updates

- a. CR modifier Use: Not part of SERI. In place for emergency use during the covid-19 pandemic. Reports had been produced to show expired modifiers. Some had contained the CR modifier as an error because it was not listed in the SERI.

4. Data Dictionary Clarification

- a. Will update Primary Key fields with bold and italic font for each transaction.

5. Service Transactions

- a. No updates

Schedule

General schedule is the 2nd Friday of each month at 1pm

Next Meeting July 9th 1pm

Send agenda items to CIS@nsbhaso.org

Investigation Outcome* CODE Meaning		Legal Reason for Detention/ Commitment* (Up to 4 Characters)	Return to Inpatient/ Revocation Authority*	Inpatient NPI
