

North Sound Behavioral Health – Administrative Services Organization (North Sound BH-ASO)  
Technical Call

Meeting Date: 2026-09-11

Minutes

1. Supplemental Data
  - a. 980.00 new field, Agency License Number being added with the start date of October 12<sup>th</sup>, 2026. This is the same DOH license number that you include in the 837p and 837i transactions. If those submitted license numbers are not causing an 'AgencyLicNbr' Error then we have the number in our approved list. For clients that have multiple programs, meaning multiple authorization types, then you will be submitting multiple 980.00's with the distinct DOH Agency License Numbers in each request.
2. Table Updates/Reminders/Definitions
  - a. Added '4-Post Service' to the 981.00 Change request type. This code is used for the CSU Continuing Stay review when the request is sent to use on the day of discharge, or after, to indicate that the request is being sent to us late.
3. SERI Updates
  - a. None noted
4. Data Dictionary Clarification
  - a. Updated as of 09/10/2026. Kept on the website under Data Dictionary. Notes are at the end of the DD. Notes added to indicate the 980.00 change, noted above, and the removal of an older format for the 165.02 that was replaced with the current format of 165.03
5. Service Transactions
  - a. S9485 and S9484 Notification via the 980.00/981.00. We reviewed the process of the need for the 980.00 and crisis Stabilization logs for the CRC/CSU's. The files sent in EDI files are picked up multiple times per day so the NonMCAuth response will get back to you with the Auth Number for use in the 837p encounter file. The Continuing Stay, submitted on the 981.00, will also require the additional information that is submitted in a web-form. When the data is missing there may be contacts from our clinical team members contacting folks for that data.
6. Memos
  - a. <https://nsbhaso.org/for-providers/numbered-memorandums>

Schedule

Next Meeting

General schedule is the 2<sup>nd</sup> Friday of each month at 1pm
